

Remarks

Reconsideration of this Application is respectfully requested.

The title as listed on the Notice of Allowance and Fee Transmittal mailed on June 22, 2004 has a typographical error. The title of this invention, as amended in the Applicant's Amendment and Reply filed April 21, 2003 is:

An Electromechanical Transducer with an Adhesive Layer and an Anti-Diffusion Layer.

The Notice of Allowance and Fee Transmittal mistakenly spelled "Layer" as "Lalyer". Applicant respectfully requests that the Examiner correct the spelling of this title.

Conclusion

Applicant believes that a full and complete reply has been made to the outstanding Office Action and, as such, the present application is in condition for allowance. If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided.

Prompt and favorable consideration of this Reply is respectfully requested.

Respectfully submitted,
